1. We live, O God, in hurried times; we run from place to place.
2. Be patient as we wait for God. Beloved, take a breath!
3. Take time to strengthen all your hearts for God's approach is near.
4. God, give us calm to rest secure within your warm embrace,

Pno.

We miss so much along the way to keep our frenzied pace.
The seed is planted, now it grows. Lay down and get some rest!
There's work to do this Advent wait. God's child will soon appear.
that once our faithful wait is done, we'll see you face to face.
