Hope Can't Wait

Text: Stephen M. Fearing, 2019

Meter: 8.7.8.7 D

Tune: HYFRYDOL

Music: Rowland Hugh Pritchard, 1830

Hope can't wait; she beck-ons bright-ly, shin-ing sure-ly in the dark.

To the lone-ly, lost, and la-bored, hope en-dows the Spi-rit's spark.

In our times of deep des-pair-ing, God re-news the troub-led soul.

Mer-cy strong be-yond com-par-ing mends and makes the bro-ken whole.
